To Whom It May Concern:

Lil Smith and her staff were a great success catering a dinner for the graduating class of the Clarksville Police Department's Citizens Police Academy.

In all the years the Clarksville Police Department has held this class, this was the best dinner served at a graduation ceremony, and was rated a 10.

It was a pleasure working with Lil. We were on a budget and she had many menu items to choose from. She kept it at our price and the food was more than expected.

It is with great pleasure to recommend Lil Smith and her staff for any catering job.
